

August 2015

August was an exciting month at the Rio Bravo Activity Center!

In addition to daily center activities, the children enjoyed an array of activities that challenged them both physically and mentally. Word search, bracelet making, listening skill games, and bean bag toss are just a few of the special treats the kids participated in.

One of the highlights of the month was “Career Day” with the Corrections Corporation of America (CCA), US Border Patrol, Webb County Sheriff’s Office, and the Webb County Fire Department. Each organization presented and explained their role in the community and then gave the children an opportunity to ask questions and interact with them.

Another anticipated event was the “Back to School Party” complete with hamburgers and a total of 65 backpacks filled with school supplies for the members of the Rio Bravo Activity Center.

The backpacks were donated by Commissioner Frank Sciaraffa, the Next Generation Rotary Club, and District Attorney Isidro Alaniz. The school supplies were donated by the US Border Patrol South Sector and Elite Employment Services.

The Rio Bravo Activity Center Staff and Commissioner Sciaraffa would like to wish a great school year to the children plus a BIG thank you to all who made our month extra special.
